

Village of Winnebago Electric Municipal Aggregation Program Frequently Asked Questions

What is aggregation?

Under municipal aggregation, local officials bring citizens together to gain group buying power for the purchase of competitively priced electricity from an alternative retail electric supplier certified by the Illinois Commerce Commission.

How is the Village of Winnebago able to choose a certified electric generation supplier on my behalf?

In March 2012, the Village of Winnebago residents voted to allow the Village of Winnebago to contract for an electric generation supplier on their behalf.

How will I know if I can save money under the Village of Winnebago electric municipal aggregation program?

Under this program, you will receive a fixed price of 4.91 cents per kilowatt-hour (kWh) for generation. As long as your Price to Compare is higher than this fixed price, then you are saving money.

What do I need to do if I want to be included in this municipal aggregation?

You do not need to do anything to receive the discounted generation pricing under this program.

If I join the Village of Winnebago electric aggregation program, who will deliver my power, read my meter and respond to emergencies, such as power outages?

Your local electric company will be responsible for the delivery of power to your home or business. Since your local electric utility still owns the wires and poles that deliver power to you, it will continue to read your meter and restore power after an outage.

Is your price fixed or does it vary?

In this program, the discount you will receive is fixed, so your price will not change throughout the term of the agreement.

What does “opt out” mean?

“Opt out” means that you can decide not to participate in this electric municipal aggregation program. By returning the opt-out form by the due date, you will not be enrolled in this savings.

What happens if I do not send in the opt-out form?

If you do not return the opt-out form by the due date, you will be included in the Village of Winnebago’s municipal aggregation program and will begin receiving competitively priced electricity from FirstEnergy Solutions.

Can I opt out over the phone?

No, if you want to opt out, you must mail in your completed opt-out form by the due date.

Can I leave the program at a later date?

Yes, but you will be subject to a \$25 cancellation fee per utility account from FirstEnergy Solutions if you cancel for any other reason but moving.

What are my energy supply choices if I decide to opt out?

You can stay with your current electric utility, which will continue to supply your electricity as it always has, or you can shop for an alternative generation supplier.

If I join the aggregation, can I stay on budget billing?

Yes. Your budget billing will not be affected by your participation in this program.

Can I still have my payment automatically deducted from my checking account as I do now?

Yes. How you pay your electric bill will not change.

Who is FirstEnergy Solutions?

FirstEnergy Solutions Corp., provides competitive electric generation supply and other energy-related products and services to over 1.5 million customers, and is a licensed supplier in Illinois, Ohio, Pennsylvania, New Jersey, Maryland and Michigan.

What is the toll-free number for questions?

For answers to your questions, please call 1-866-636-3749, Monday through Friday, 7 a.m. to 4 p.m., CST.
